OUR IMPACT AGENDA

AN ABRIDGED VERSION

OUR IMPACT AGENDA

HUMANITY

At Cortex, We believe in the philosophy "Love the people & Love the planet". All our endeavors are driven by this simple yet profound statement.

With a steadfast commitment to making a positive impact, we embrace the fundamental principles of compassion, empathy, and inclusivity.

Our efforts are not solely centered around fashion and textiles; they extend far beyond, seeking to uplift and empower individuals from all walks of life. Through sustainable practices, ethical sourcing, and community engagement, we strive to foster a world where humanity thrives.

OUR IMPACT AGENDA

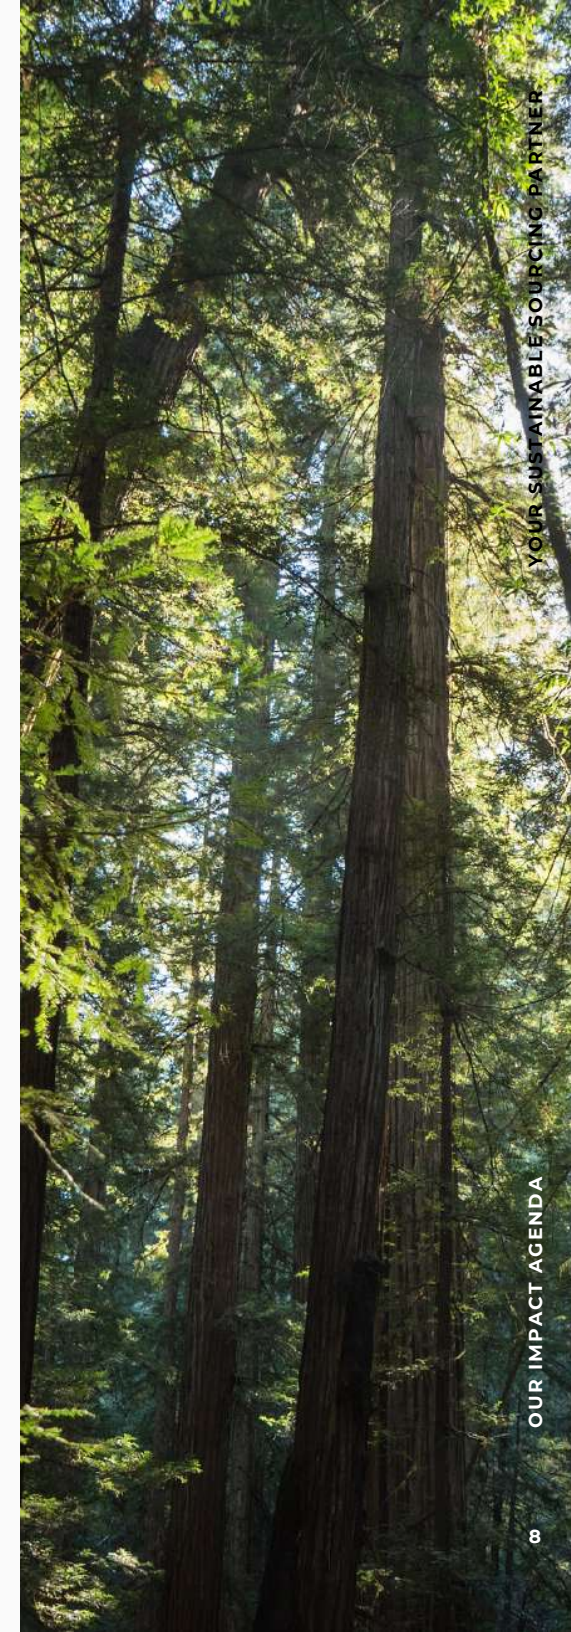

SUSTAINABILITY

Sustainability is at the heart of our ethos. We are dedicated to making a positive impact on the environment through a range of initiatives.

From harnessing solar power, implementing wastewater recycling, rainwater harvesting, and eliminating single-use plastics to growing organic vegetables, planting trees, using sustainable fabrics, and promoting biodegradable ECO-BAGS to reduce our ecological footprint.

We actively promote sustainability awareness by organizing a dedicated Sustainability Day for our teams.

Together, we strive to create a more sustainable world, where conscious choices lead to a brighter tomorrow.

An aerial photograph of agricultural fields. The top right portion of the image shows a large, reddish-brown field with distinct diagonal furrows, likely a recently plowed or tilled field. The bottom left and central portions show vibrant green fields, possibly corn or soybeans, also with diagonal furrows. A single, full-canopied tree with bright green leaves stands in the center of the image, positioned between the two field types. The overall scene is captured from a high angle, looking down at the landscape.

GREEN WASHING

GREEN WASHING

At Cortex, we believe in transparency and honesty about the way we conduct our lives, businesses and sustainability efforts.

We want our customers to feel confident that we are genuinely committed to making a positive impact on the environment. That's why we go beyond mere claims and actively implement concrete actions to reduce our ecological footprint.

We take tangible steps towards sustainability by researching & promoting materials that meet environmental standards. We openly share our initiatives, goals & achievements by inviting our customers to join us on this journey toward a more sustainable future.

We walk the talk!

DESIGN LAB

STIR YOUR SENSES...

DESIGN LAB

ARTFUL CREATIONS

At Cortex, your success is our mission. With the convenience of smooth collaboration through emails and the added ease of Zoom calls, our multilingual crew makes it easy to work together seamlessly, bringing your vision to life with curated collections of trims and fabrics each season. They incorporate cutting-edge printing techniques and trending constructions to enhance and elevate brands. We deliver all these offerings to your doorstep, reducing your carbon footprint.

Our super-fluent team of designers excels in software that creates CAD for labels, elastics, and other trims based on your ideas and inspirations and will help create mood boards, brand direction, digital look books, line sheets, 3-D renders, tech packs, and digital patterns.

They ensure that your inspirations become a reality within your timelines, and are with you every step of the way.

MERCHANDISING

MERCHANDISING

YOUR PERSONALIZED JOURNEY

Welcome to our merchandising department, a one-stop shop for trim sourcing. We offer an extensive collection of high-quality trims with vibrant colors, exquisite patterns, and textures that cater to your preferences.

When you choose Cortex as your trim supplier, you will have the support of a dedicated professional as your sole point of contact. They ensure that the product is manufactured according to approved specifications and meets the quality standards and delivery timelines. We prioritize transparency by openly communicating about production materials.

An expert merchandiser can provide technical advice and assistance when required. They diligently monitor and report on order progress, coordinate with QA and logistic department, and ensure quality and smooth transportation until the supplied trims are happily utilized.

At Cortex your satisfaction is our top priority.

MERCHANDISING

BEYOND SOURCING

We recognize the crucial role of trim pricing in determining a brand's success, which is why our merchandisers specialize in providing competitive pricing, ensuring that trim expenses are carefully managed.

They collaborate closely with you to identify trims that not only align with your budget but also offer optimal value for your investment.

Our objective is to assist you in procuring the ideal product, balancing affordability, quality, and safety, enabling you to concentrate on marketing, and expanding your brand.

QUALITY

YOUR SUSTAINABLE SOURCING PARTNER

QUALITY

SAFETY INTEGRITY RELIABILITY

We truly believe that our products should not only meet performance expectations but exceed them.

Our team of dedicated, qualified, and experienced quality controllers and lab technicians, ensure that every trim undergoes inspection before shipment.

We conduct comprehensive tests, including color fastness to washing, crocking, tear strength, tensile strength, dimensional stability, bowing, skewing, lot continuity, pilling resistance, pH levels, elongation testing, water solubility tests, odor testing, sealing strength, after-wash appearance testing, size & thickness tolerance, and hand-feel.

Highest quality is always at top of our priorities

ECO-BAGS

ECO-BAGS

THE RIGHT CHOICE

Finding sustainable alternatives, such as the water-soluble Eco-Bag, is crucial. This helps to save the environment by minimizing the usage of single-use plastic bags, which contaminate oceans & land.

Sustainability is ethical, its logical and its the only way forward for us to protect our future generation from micro-plastics & the loss of marine life it is responsible for.

Consumers care about what brands do and making the change to low carbon impact materials demonstrated your dedication to the cause by adopting this transformative packaging solution.

Let's Change the world, Make waste obsolete

ECO-BAGS

A DOZEN REASONS

1) DISSOLVES IN WATER

Our revolutionary product is designed to completely dissolve in water. This feature not only reduces the risk of marine species ingesting it but also removes the possibility of entanglement or obstruction in their environments.

2) SAFE FOR MARINE LIFE

If a fish consumes this bag, it will not experience any harmful consequences. This product has undergone extensive testing to assure the safety of all marine creatures.

3) PLANT-FRIENDLY

It has been prepared and tested to ensure that it does not emit any hazardous compounds or dangerous residues that could affect plant growth.

4) NON-HARMFUL TO ANIMALS

Extensive testing has been performed to ensure that our product is not harmful to animals, whether they encountered it on land or in water.

LET'S CHANGE THE WORLD, MAKE WASTE OBSOLETE

ECO-BAGS

A DOZEN REASONS

5) HUMAN-SAFE

We have taken precautions to ensure that our product is safe for human consumption. It does not contain toxic chemicals or components that can endanger human health (*RSL report)

6) BIODEGRADABLE

Our product is biodegradable, which means that it will degrade naturally over time without leaving behind any harmful residues or pollutants.

7) RECYCLABILITY

We recognize the value of recycling in a circular economy. The product is recyclable, allowing it to be processed and reused for the production of new materials.

8) COMPOSTABLE

Our product is also compostable, making it an environmentally responsible waste-management solution. When compost is prepared correctly, it decomposes, benefits the soil, and promotes plant development.

LET'S CHANGE THE WORLD, MAKE WASTE OBSOLETE

ECO-BAGS

A DOZEN REASONS

9) ENVIRONMENTALLY FRIENDLY

Our product is created with the environment in mind. By using the Eco Bag, you are making a conscious decision to reduce your environmental impact.

10) PASSES RESTRICTED SUBSTANCES TESTING

Our product has been thoroughly tested to ensure compliance with demanding requirements and standards.

11) STRONGER THAN ORDINARY BAGS

In addition to the environmental benefits, our product is stronger than conventional bags. Its resilience ensures that it can survive daily abuse without losing integrity.

12) LONG SHELF LIFE

We recognize the significance of product longevity. Our meticulous formulation ensures that our product has a long shelf life, allowing it to be stored and utilized for a longer period of time without sacrificing its quality or effectiveness.
